786 BROAD STREET
NEWARK, N. J.

September 10, 1942

Mrs. Effa Manley
67-71 Crawford Street
Newark, N. J.

Dear Mrs. Manley:

We have been holding the enclosed application for war damage insurance in our office awaiting receipt of check for the premium so we could forward it to the insurance company and have the policy issued. The War Damage Corporation which is an agency of our Federal Government will not permit the issuance of policies unless the premium payment accompanies the application. Otherwise, we would have been very glad to have the policy issued and forwarded to you before this. If you will sign each of the three copies of the application and return it to us together with check to the order of American Insurance Company for the premium of \$18, we will immediately deliver it to the company and have the policy issued.

In the meantime, please be assured of our appreciation for the opportunities you have given us to serve you.

Yours very truly

G. W. Gehin
